3 Days | COBIT 5 Foundation Course

ISACA's COBIT 5 alone is the business framework meant for governing and managing enterprise IT. It helps you to implement enterprise governance and management techniques. You will be able to deliver globally accepted principles, practices, analytical tools, and models for information systems.

Course Objective:

On completion of this course, you will be able to:

- Manage IT issues effectively
- Meet the IT governance requirements
- Couple COBIT with other standards and best practices
- Apply COBIT in practical situations
